## 2.2 Clubs with more than one team

### 2.2.1 Playing down a grade

10 or more fixtures in a season	= five (5) Games
Less than 10 fixtures in a season	= three (3) Games

Subject to the table of fixtures above, a registered player who has played in more matches in a higher grade team in that season, having two or more teams, including as a substitute or priority player under 2.1.1(e)(iii), cannot play in a lower grade team of that club without the approval of the Executive Committee, after consideration of the following matters: (exception of (c) below)

- (a) That the Executive Committee will consider the player's batting and bowling figures for the season, and, if relevant, the previous season.
- (b) The club must provide the name of the player replacing the player in the higher grade. Seven days notice is required.
- (c) Does not apply when rotating players for Saturday A1 20/20 fixtures except that player/s being demoted from A1 must filter down to the next team below in their club for that season. (Prior approval is NOT required by the Statistician who however reserves the right to overrule any such relegation).

### 2.2.2 Rotation squads

- (a) Subject to the approval of the Executive Committee, clubs with two or more teams can nominate players to form part of a rotation squad. Nominated players in the rotation squad will be able to play in a higher grade as required by their club and then return to their lower grade without having to see approval from the Executive Committee under rule 2.2.1.
- (b) Rotation squads:
  - (i) may consist of up to four players (two from the higher grade and two from the lower grade).
  - (ii) may only be nominated to play in teams in two contiguous grades e.g. A & B grades or B & C grades.

- (a) If a club has more than one team in any grade, the players in each team in that grade will not be interchangeable without the written permission of the Executive Committee.
- (b) A player who is promoted or demoted (subject to rule 2.2.1) to the grade in which the club has more than one team may play in either team. However, if that player plays 5 or more matches with one of the teams in the grade in which the club has more than one team, the player becomes a part of that team. Such player cannot then play for the other team in that grade, or return to a lower grade, without the written permission of the Executive Committee, in accordance with rule 2.2.1.
- (c) If the club wishes to nominate a rotation squad under rule 2.2.2 that will involve the grade in which the club has more than one team, separate squads must be nominated for each of the teams in that grade.

**Note:** As a suggestion, it would help those clubs with two (2) or more teams, to keep a record of their players' respective gradings. Contravention of this By-Law will lead to loss of points or a fine, as decided upon by the Executive Committee.

## JUNIOR PLAYERS:

- (i) No player under the age of 12 will be permitted to play in Senior Warehouse Cricket fixtures, either as a player or substitute player.
- (ii) No player or substitute under the age of 15 is to be permitted to field within 10 meters of the bat in front of the wicket.

## 2.3 Penalty for Playing Unregistered and/or Ineligible Players

The Executive Committee may require a team or player to confirm a player's identity by completion of a Statutory Declaration and/or photo ID.

## 2.4 Player's Dress Standards

The Executive Committee shall have the power to deal with any club or member of a club failing to comply with the ruling of the Conducts Tribunal applying such penalty as deemed necessary.
- (d) The Conducts Tribunal will submit a written report as to their recommendations to the Association Secretary for ratification at the next meeting of the Executive Committee.

## 2.6 Clearances

- (a) A registered playing cricketer who decides to leave his/her original club and join another club during the current season must produce to his/her new club a written clearance that proves that he/she is financially clear. The clearance is then forwarded to the Association Secretary. The Association Secretary must receive the clearance before the player may participate in any match with her/his new club.

- (b) Normally a player will be allowed only one clearance per season. Any second or subsequent clearance within any season must state clearly the exceptional circumstances giving rise to the application and be approved by the Statistician prior to the player participating in any game for the new club. Registrations are deemed to become void at the end of each season and clearances are not required across seasons subject to *By-law 2.1 (d)*. Registrations do not become subject to clearance requirements until a player actually plays with a club.

The umpire's consent is also necessary if a substitute is required for a fielder at the start of play or when he/she returns to the field after the interval. If a member of the fielding side leaves the field or fails to return after an interval and is absent from the field for longer **than 15 minutes:**

- Nor shall it apply if the player has been absent for exceptional and wholly acceptable reasons (other than injury or illness) and consent for a substitute has been granted by the opposing captain.
- This restriction will not apply at the commencement of a new day's play.

**Note:** In the event of a fieldsman already being off the field, at the commencement of an interruption in play through ground, weather or light conditions, he/she shall be allowed to count any such stoppage time as playing time, provided that he/she personally informs the Umpire when he/she is fit enough to take the field had play been in progress.

<b>70 Overs</b>
-----------------

- (b) When an innings ends and a new innings is to commence before the scheduled finishing time, the minimum number of overs remaining to be bowled shall be determined by dividing the time remaining for play by 4 minutes. A 10 minute break for a change of innings will be allowed.
- (c) If playing time is lost for other reasons, namely unfit ground, weather or light, or a player leaving the field due to serious injury, the initial minimum number of overs shall be reduced by the rate of one over for each 4 minutes lost.
- (d) The umpire/s shall be responsible for determining the minimum number of overs to be bowled and shall advise both captains and scorers. The umpire/s shall record the number of overs to be bowled in the scorebooks.
- (e) An over, not completed at the end of the day and subsequently completed on the second day, shall be counted as a complete over on both days for the purpose of calculating the target number of overs.
- (f) Should the minimum number of overs not be bowled, a penalty of **0.25** premierships points shall be applied to each of those overs not commenced, at the scheduled finishing time; excepting any overs which
- (i.) The Umpire/s consider would have been commenced but for extenuating circumstances;

  - (iii.) Remain when play is abandoned before the scheduled finishing time due to an unfit ground, weather or light conditions.

- (h) Fractions of overs are to be ignored in the calculations pertaining to minimum number of overs.
- (i) If, at the scheduled finishing time, the minimum number of overs has not been bowled, then play shall continue if playing conditions permit, until the minimum number of overs has been completed.
- (j) No reduction of minimum number of overs shall be allowed for drink intervals or player injuries, where these occur during any of the overs which commence after the scheduled finishing time. The Umpire/s shall be responsible for determining the minimum number of overs remaining to be bowled and shall inform the fielding captain and the batsmen of the number required with this number not being subject to reduction.
- (i.) Except that on the first day, when a wicket falls during the last of the required overs and within three (3) minutes of the scheduled finishing time, **STUMPS WILL BE DRAWN IMMEDIATELY.**
  - (ii.) Except that on the first day, if at the scheduled finishing time, a suspension of play occurs as a result of playing conditions and/or the players are already off the field of play, **STUMPS WILL BE DRAWN.**

- (iii.) Except that when an innings is completed after the scheduled finishing time on the first day, **STUMPS WILL BE DRAWN.**

## 1.4 PLAY ON THE DAY 2

  - (iii.) If the ball pitches off the pitch, before it reaches the line of the striker’s wicket. (Law 21.7)
  - (iv.) All full pitched balls (all bowlers) above waist height. (Law 41.7)
  - (v.) **Note:** Only the bowler’s end Umpire shall call No-Ball, if the ball passes on the full above the waist height of a batsman standing upright at the crease.

## ONE (1) DAY GAMES

### 2.1 Playing Times

	Scheduled	Non-Scheduled
<b>Commence</b>	12.30 p.m.	1.00 p.m.
<b>Finish</b>	6.05 p.m.	5.50 p.m.

#### NOTE: EARLY STARTS (October and March)

Where a Summer Fixture commences on or earlier than **31st October** the above times will be brought forward by **30 min** to allow for light.

This also applies to any fixture commencing on or before **20th March** (including the Saturday fixtures of any semi-final or final)

- (a) Basis of the game will be:

<b>Scheduled 1 Day Games</b>	40 Overs per innings
<b>Non-scheduled 1 Day Games</b>	35 Overs per innings

- (b) If the innings of the side batting first has not been completed, there shall be a compulsory closure at:

<b>Scheduled 1 Day Games</b>	3.10pm
<b>Non-scheduled 1 Day Games</b>	3.20pm

The side batting second, if not dismissed, shall be entitled to bat only for the same number of overs as has been bowled to the side batting first.

## 2.2 OVERS

- a) For any match in which the start is delayed by weather or the innings of the team batting first is otherwise interrupted by weather, in the compulsory closure time shall be adjusted on a pro rata basis to the available playing time; ie, the interval between innings shall occur midway in the time available for play. The target number of overs shall be reduced on the basis of one over for each 4 minutes or part thereof, lost from the time available for the first innings.
- b) If the innings of the side batting first has been completed other than by compulsory closure, then the side batting second, if not dismissed, shall be entitled to bat for the maximum number of overs, if required. If the last wicket falls at, or after the time for the interval, but during an over commenced before this time, the team batting second shall be entitled to receive the same number of overs as they have delivered; fractions of overs count as full overs for this purpose.
- c) If the team fielding second fails to bowl the target number of overs, (*as defined in 2.1 (b) & 2.2 (a & b)*), by the scheduled time for cessation of play, the hours of play shall be extended until the required number of overs is bowled, a result is achieved or weather conditions intervene.
- d) For any interrupted or delayed match, if it is not possible for each team to bat for at least 15 overs each (all grades), then the game will be abandoned as a DRAW. This does not apply if either team is dismissed in less than 15 overs, or the team batting second achieves the target for victory in less than 15 overs.
- e) Bowlers shall bowl no more than:

<b>Scheduled 1 Day Games</b>	8 Overs per bowler
<b>Non-scheduled 1 Day Games</b>	7 Overs per bowler

(Subject to pro-rata adjustments as required by 2.2 (a) (eg: pro-rata to 5 bowlers)

- f) Afternoon tea interval of 15 minutes will be taken between innings.
- g) Drinks: In each innings a two-minute drinks break will be taken after 17 overs have been bowled in a Thirty Five (35) over Innings and after 20 overs have been bowled in a Forty (40) over Innings.
- h) For matches where overs have been reduced, the necessary adjustment would have to be made as in 2.2 (a).

## 2.3 THE RESULT

- (a) The game finishes when the target score is reached.
- (b) A result can only be achieved if each side has batted for at least 15 overs as stated in 2.2 (d)
- (c) In matches where a result can be achieved and in which the team batting second has not had the opportunity to bat for the target number of overs and has neither been dismissed, nor passed its opponent's score, the result shall be decided on the average run rate throughout each innings. Eg:

- **Using a 40 over innings:**

Note: eg: Where first team bats through innings.

Team bats first = 200 runs in 40 overs = 5.00

Team bats second = 101 runs in 20 overs = 5.05

- **Using a 40 over innings:**

Where team does not bat through innings (all out)

Team bats 1st	= 120 runs in 30 overs = 3.00
Team bats 2nd	= 106 runs in 30 overs = 3.53

## INDEMNITY AND RELEASE FORM NATIONAL PUBLIC LIABILITY INSURANCE

As a condition of affiliation with Qld Cricket Club officials are advised that all players must sign a “waiver” form in respect to Public Liability Insurance prior to participation in cricket competitions this season. This Memorandum seeks to explain the purpose of the new requirements to sign such a waiver as printed in this scorebook as well as to make it practical for cricketers to do so. Advice from Queensland Cricket:

Clubs must “insist upon members signing the attached **Indemnity and Release** form when seeking membership. Failure to sign must result in the membership not being accepted and participation denied.”

Queensland Cricket’s lawyers devised the **Indemnity and Release** form so that participants can acknowledge the inherent risks of playing cricket, and thereby agree to share these risks. **It does not and cannot take away participant’s common law rights or the responsibilities of the club under the Trade Practices Act.**

It should be noted that signing of this waiver form relates to Public Liability Insurance and **NOT** the Player Accident Insurance policy that Qld Cricket provides for players.

### **ACTION REQUIRED BY CLUBS:**

In order to assist those clubs who have not taken alternative action, Warehouse Cricket is providing a means for all clubs to practically administer the “signing of waiver forms”. A form is set out in this scorebook and it will be the responsibility of EACH CAPTAIN to insist that all members sign this form PRIOR to **playing in that club.**

Vigilant action by Club Officials will ensure the best result for all cricketers as we seek to make cricket both affordable and administratively practical.

**THIS FORM MUST BE SIGNED BY ALL PLAYERS PRIOR TO PLAYING IN A SEASON

## 2.4 NO BALLS

- a. 21.1 of the Laws of Cricket apply except that no bowler may deliver the ball underarm.
- b. Either umpire shall call and signal a No Ball in the following instances:
  - (i.) If the ball passes, or would have passed above the shoulder height of a striker standing upright at the crease, (Law 41.6) or
  - (ii.) If the ball bounces more than once on the batting pitch or stops before reaching the popping crease at the striker's end or rolls along the ground. (Law 21.7 & 21.8)
  - (iii.) If the ball pitches off the pitch, before it reaches the line of the striker's wicket. (Law 21.7)
  - (iv.) All full pitched balls (all bowlers) above waist height. (Law 41.7)
  - (v.) **Note:** Only the bowler's end Umpire shall call No-Ball, if the ball passes on the full above the waist height of a batsman standing upright at the crease.

**A Free-hit (along with relevant fielding and batting provisions) will apply to All No-balls in a restricted over match.**

## 2.5 WIDE BALL

Umpires are instructed to apply a very strict and consistent interpretation in regard to this law in one-day games in order to prevent negative bowling wide of the wicket.

- **LEG-SIDE:** A ball which pitches outside the line of the leg-side danger area indicator (a line drawn 30 cm from the middle stump) and continues to move down the legside, as a guide, should be called a wide.
- **OFF-SIDE:** A ball which passes the batsman outside the line of the off-side maker (a line drawn 75 cm from the off Stump), as a guide, should be called a wide.

The above provisions do not apply if the striker makes contact with the ball

## 2.6 LEGSIDE FIELDING LIMITATIONS

At the instant of delivery there may be no more than five fieldsmen on the leg side, with not more than two fieldsmen behind the popping crease.

## 2.7 FIELDING RESTRICTIONS - (A1 ONLY - WHERE APPLICABLE)

**Only A1 Grade for Scheduled 40 over One Day games only**

For the round of scheduled one games, circles will apply to A1 one-day games on the following basis.

- (a) Two semi-circles (drawn or laid out) will apply on the field of play. The semi circles have as their centre the middle stump at either end of the pitch.

The radius of each of the semi-circles is 30 yards (27.432 metres). The ends of the semi-circles are joined to the other by a straight line drawn on the field, on the same side of the pitch.
- (b) For the first 15 overs only two fieldsmen are permitted to be outside the field restriction marking at the instant of delivery. For the remaining overs only 5 fieldsmen are permitted to be outside the field restriction marking at the instant of delivery.
- (c) In the first 15 overs there must be two stationary fieldsmen within 15 metres of the striker, at the instant of delivery.

- (d) Where play is delayed or interrupted affecting the innings of the team batting first and the total number of overs available is reduced, the number of overs in regard to the field restrictions shall be reduced proportionately.
- (e) Under all circumstances the field restrictions for the innings of the team batting second shall be the same as for the batting first.
- (f) In the event of an infringement of 2.6 or b & c above, either umpire shall call or signal no ball.
- (g) Fractions are to be ignored in all calculations regarding the number of overs.

**THESE RULES SHALL TAKE EFFECT AS FROM 01 SEPTEMBER 2023**

# RULES APPLYING TO WAREHOUSE CRICKET

## SUNDAY 50 OVER

### COMPETITION

## 1. HOURS OF PLAY

### 1.1 Hours of Play

(a)

<b>Morning Session</b>	10.00 a.m.	to	1.15 p.m.
<b>Interval</b>	1.15 p.m.	to	1.45 p.m.
<b>Afternoon Session</b>	1.45 p.m.	to	5.00 p.m.

(b) Where play is delayed or interrupted, the Umpires will vary the length of the interval as follows.

<b>Time Lost</b>	<b>Interval</b>
Up to 60 minutes	30 minutes
Between 60 & 120 minutes	20 minutes
More than 120 minutes	10 minutes

(c) Should the innings of the team batting first terminate prior to 12.00 midday, the innings of the team batting second shall commence after the usual 10 minute interval. Otherwise, the lunch interval shall be taken immediately after the close of the innings.

At the conclusion of the lunch interval (maximum of 30 minutes), the team batting second, shall commence its innings.

### 1.2 Length of Innings - Uninterrupted Match:

- (a) Each team shall bat for 50 (6-ball) overs, unless sooner dismissed.
- (b) If the team fielding first fails to bowl 50 overs by the scheduled time for the interval, the innings of the team batting second shall be limited to the same number of overs as they have delivered.
- (c) If the team batting first is dismissed in less than 50 overs, the team batting second shall be entitled to bat for the full 50 overs. This is subject to (d) below.
- (d) If the last wicket falls at, or after the time for the interval, but during an over commenced before this time, the team batting second shall be entitled to receive the same number of overs as they have delivered; fractions of overs count as full overs for this purpose.
- (e) If the team fielding second fails to bowl the target number of overs (as defined in a, b, c & d) by the scheduled time for cessation of play, the hours of play shall be extended until the required number of overs is bowled, a result is achieved or weather conditions intervene.

### 1.3 Length of Innings – Interrupted/delayed Match

**The calculation of the number of overs to be bowled shall be on the basis of 15 overs per hour. In all calculations below, fractions of overs count as full overs.**

- (a) For any match in which the start is delayed by weather, the compulsory closure time shall be adjusted on a pro-rata basis to the available playing time. This means the interval will occur midway in the time available to play. The target number of overs shall be reduced on the basis of one over for each four (4) minutes or part thereof, lost from the time available for the first innings.
- (b) In the event of an interruption to play in the first innings, once started, the innings target number of overs will be reduced by the result of apportioning overs to time lost on the same basis. The interval will be taken as originally scheduled in 1.1 or as rearranged in 1.3 (b) – in the event that the start has already been delayed.
- (c) If the team fielding first fails to bowl the target number of overs by the scheduled time for the interval, the innings of the team batting second shall be limited to the same number of overs as they have delivered.
- (d) If the team fielding second fails to bowl the target number of overs (as defined in (a), (b) & (c)) by the scheduled time for cessation of play, the hours of play shall be extended until the required number of overs is bowled, a result is achieved, or weather conditions intervene.
- (e) If the team batting first is dismissed in less than the maximum overs, (normally 50 overs), the team batting second shall be entitled to bat for the maximum number of overs. The team batting second shall not bat for a greater number of overs than their opponents, except for this case. (see 1.2 d)
- (f) If the innings of the team batting second is delayed or interrupted and it is not possible for that team to bat for the calculated number of overs, the overs to be bowled shall be reduced on the basis of 1.3 (a).
- (g) For any interrupted or delayed match, if it is not possible for each team to bat for at least 25 overs each, then the match will be abandoned as a Draw. This does not apply if either team is dismissed in less than 25 overs or the team batting second achieves its target for victory in less than 25 overs.
- (h) If play is abandoned after 25 overs are bowled in the second innings of the match, but before a result has been achieved, the result shall be determined by comparing the actual run rate of the team batting second with the target run rate as calculated at the end of the first innings. These calculations shall be made to one decimal place, so that 5.1 and 5.14 are the same, but 5.15 is the same as 5.2.

#### 1.4 Number of Overs per Bowler

- (a) No bowler shall bowl more than ten (10) overs in any innings.
- (b) In a delayed or interrupted match, the maximum number of overs permitted to each bowler (who has not at that stage used his allocated overs) will be a total of one-fifth of the nearest multiple of five greater than the new innings target number of overs.
- (c) In the event of a bowler breaking down and being unable to finish an over, another bowler, legally entitled to bowl shall complete the over. For the purpose of counting the number of overs delivered by a bowler, any part over counts as a full over by each bowler. Such overs must be carefully annotated on each scoresheet.

#### 1.5 No Balls

- a. 21.1 of the Laws of Cricket apply except that no bowler may deliver the ball underarm.
- b. Either umpire shall call and signal a No Ball in the following instances:
  - (i) If the ball passes, or would have passed above the shoulder height of a striker standing upright at the crease, (Law 41.6) or
  - (ii.) If the ball bounces more than once on the batting pitch or stops before reaching the popping crease at the striker's end or rolls along the ground. (Law 21.7 & 21.8)
  - (iii.) If the ball pitches off the pitch, before it reaches the line of the striker's wicket. (Law 21.7)
  - (iv.) All full pitched balls (all bowlers) above waist height. (Law 41.7)
  - (v.) **Note:** Only the bowler's end Umpire shall call No-Ball, if the ball passes on the full above the waist height of a batsman standing upright at the crease.

**A Free-hit (along with relevant fielding and batting provisions) will apply to All No-balls in a restricted over match.**

## 1.6 Wide Ball – Judging a Wide

Umpires are instructed to apply a very strict and consistent interpretation in regard to this law in one-day games in order to prevent negative bowling wide of the wicket

- **LEG-SIDE:** A ball which pitches outside the line of the leg-side danger area indicator (a line drawn 30 cm from the middle stump) and continues to move down the legside, as a guide, should be called a wide.
- **OFF-SIDE:** A ball which passes the batsman outside the line of the off-side maker (a line drawn 75 cm from the off Stump), as a guide, should be called a wide.

The above provisions do not apply if the striker makes contact with the ball.

## 1.7 Leg Side Fielding Limitation

No more than five fielders are allowed on the leg side at the instant of delivery in a one-day game, with not more than two fielders behind the popping crease.

## 1.8 The Result

- A result can only be achieved if each side has batted for at least 25 overs, as stated. If no result is achieved, or if no play occurs, a drawn match shall be the outcome.
- In matches in which a result can be achieved, and in which each team has had the opportunity of batting for the target number of overs, the winner shall be the team scoring the highest number of runs. If, in this case, the scores are level, the result will be a Tie and no account shall be taken of the number of wickets lost.
- In matches for which a result can be achieved, and in which the team batting second has not had the opportunity to bat for the target number of overs and has neither been dismissed nor passed its opponent's score, the result shall be decided on the average run rate throughout each innings, subject to:
  - If, due to an interruption in play during the innings of the team batting second, the target number of overs is reduced. The target number of runs required for victory shall be the average run rate multiplied by the new target number of overs. For this purpose, the target score is calculated to the nearest whole number, so that for example, 199.4 become 199 but 199.5 become 200. This is subject to:
  - If play is abandoned in these circumstances, apply By-Laws 1.3 (i)

Eg: • **Using a 50 over innings: (2nd innings reduced to 20 overs)**

Note: eg: Where first team bats through innings.

Team batting first = 250 runs in 50 overs = 5.00

Team batting second = 102 runs in 20 overs = 5.10

• **Using a 50 over innings: (Game washed out after 25 overs in 2nd innings)**

Where team does not bat through innings. (all out)

Team batting first = 150 runs in 30 overs = 3.00

Team batting second = 90 runs in 25 overs = 3.60

(d) Premiership: **Refer to By-Law 2 (a)**

(e) Where there is no badged umpire in attendance, each captain should sign the opposition's scorebook at the end of the game to confirm the result.

## 2. DETERMINING OF FINALISTS & SEMI-FINALISTS

  - (ii) net run rate (as outlined on MyCricket)

- (c) **Finals:** In the case of a final being abandoned prior to the start of play, the minor premiers will be Premiers.

**THESE RULES SHALL TAKE EFFECT AS FROM 01 SEPTEMBER 2023**

# RULES APPLYING TO WAREHOUSE CRICKET

## SUMMER T20

## COMPETITION

### 1. LAWS OF CRICKET

The Laws of Cricket and the WCAQ One Day Rules will apply, with the following exceptions.

### 2. DURATION

The match will consist of one innings per side of 20 overs each. A minimum of 5 overs per team will constitute a match.

### 3. HOURS OF PLAY AND INTERVALS

#### Morning game

10.00 am - 11.20 am

11.20 am - 11.30 am (innings break)

11.30 am - 12.50 pm

#### Afternoon game

1.30 pm - 2.50 pm

2.50 pm - 3.00 pm (innings break)

3.00 pm - 4.20 pm

#### 3.1 Interval between innings

If the innings of the team batting first ends prior to the scheduled time for the interval, the interval will take place immediately and the innings of the team batting second will start after the 10 minute interval.

#### 3.2 Intervals for drinks

No drinks intervals are permitted, unless extreme hot weather is experienced.

### 4. LENGTH OF INNINGS

#### 4.1 In uninterrupted match:

4.1.1 Each team will bat for 20 overs unless all out earlier.

4.1.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for the end of the first innings, play will continue until the required number of overs has been bowled and Playing Condition 11 will apply.

4.1.3 **TARGET SCORE:** If the team batting first is dismissed in less than 20 overs, the team batting second will close when the target score is reached or the innings is completed.

4.1.4 If the team fielding second fails to bowl 20 overs by the scheduled time for the end of the second innings, the hours of play for the match will, subject to weather and light, be extended until the required number of overs has been bowled or a result has been achieved. Playing Condition 11 will apply.

#### 4.2 In delayed or interrupted match:

4.2.1 Delay or interruptions to the innings of the team batting first.

- a. When playing time has been lost, the revised number of further overs to be bowled in the match will be based on a rate of 4 minutes per over for the total remaining time available for play.

When calculating the length of remaining playing time available for the match, the duration of the interval between innings will be taken into account.

Should calculations regarding numbers of overs result in a fraction of an over, the fraction shall be ignored. In the event of a suspension occurring in the middle of an over, the number of total overs to be bowled in the match will be calculated as if the over in progress at the time of the interruption had been completed. The innings of the team batting first will continue from the point of the interruption.

The revision of the number of overs should ensure, wherever possible, that both teams have the opportunity to bat for the same number of overs. (Where possible, if the calculated total number of overs in the match results in an odd number, then one over shall be added and the new total divided in half).

- b. The team batting second will not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

To constitute a match, a minimum of 5 overs has to be bowled to the side batting second, subject to the innings not being completed earlier.

A fixed time will be specified for the start of the interval, and also the close of play for the match, by applying a rate of 4 minutes per over in respect of each over already bowled and/or scheduled to be bowled in each innings. All relative delays, interruptions in play, and the duration of the interval will be taken into account.

If this calculation produces a close of play time that is earlier than the original time for cessation of play, then one additional over should be allocated to each team, with the interval and close of play times being recalculated accordingly.

If there is more than one interruption to the innings of the side batting first, the above calculations should always be based on the original scheduled close of play, rather than the rescheduled close resulting from the previous interruption.

- c. If the team fielding first fails to bowl the revised number of overs by the specified time, play will continue until the required number of overs has been bowled or the innings is completed. Playing Condition 11 will apply.

In all reduced overs matches, both teams will be given one over's leeway in addition to any time that the Umpires might allow for stoppages. Allowances prior to a stoppage are carried forward for the purposes of the application of Playing Condition 11 only - they do not influence the recalculated number of overs or the scheduled close of either innings.

#### **4.2.2** Delay or interruptions to the innings of the team batting second

- a. When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs will be reduced at a rate of 4 minutes per over in respect of the aggregated lost playing time.

However, should the innings of the team batting first have been completed prior to the scheduled, or rescheduled time for the start of the interval, any calculation relating to the revision of overs will not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.

Should the calculations result in a fraction of an over, the fraction shall be ignored.

In the event of a suspension occurring in the middle of an over, the number of total overs lost will be calculated as above and the innings of the team batting second will continue from the point of the interruption.

- b. A rescheduled time for the close of play will be fixed by applying a rate of 4 minutes per over in respect of each over already bowled and/or re-scheduled to be bowled in the innings. (The timing and duration of all relative delays and interruptions in play with respect to the second innings will be taken into account in specifying this time.)

This calculation must not cause the match to finish earlier than the original time for cessation of play on the final scheduled day for play. If required, the original time will be extended to allow for one extra over for the team batting second.

To constitute a match, **a minimum of 5 overs** have to be bowled to the team batting second subject to the innings not being completed earlier. The team batting second will not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

- c. The target score for the team batting second is the total + 1 of the team batting first.
- d. If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play will be extended subject to weather and light until the overs have been bowled or a result achieved, and Playing Condition 11 will apply.

In all reduced overs matches the fielding team will be given one over's leeway in addition to any time that the Umpires might allow for stoppages. Allowances prior to a stoppage are carried forward for the purposes of the application of Playing Condition 11 only - they do not influence the recalculated number of overs or the scheduled close of play.

## 5. THE BALL

As per existing rules, only Gabba Aussie cricket balls will be used.

## 6. RESTRICTIONS ON THE PLACEMENT OF FIELDERS

- 6.1** At the instant of delivery there will not be more than five fielders on the leg side.
- 6.2** For the first 6 overs only of each innings, only two fielders are permitted to be outside the fielding restriction circle.
- 6.3** For the remaining overs of each innings only five fielders are permitted to be outside the fielding circle at the instant of delivery.
- 6.4** Withdrawn.
- 6.5 Team batting first**

In circumstances where the number of overs for the team batting first is reduced, the number of overs in regard to the restrictions in 6.2 and 6.4 above will be reduced proportionately in a ratio of 6:20 (30%) in accordance with the table below **for that innings only**.

Fractions are to be ignored in all calculations re the number of overs. (If on resumption the number of overs for fielding restrictions has already been exceeded this should take effect immediately).

Total overs in innings	No. of overs for 6.2 & 6.4 to apply
5-6	1
7-9	2
10-13	3
14-16	4
17-19	5
20	6

### 6.6 Team batting second

Where the number of overs for the team batting second is reduced, the aim will be to maintain the restrictions in 6.2 and 6.4 for the **same proportion** of the second innings that they were maintained for the first innings (fractions to be ignored).

## 7. NUMBER OF OVERS PER BOWLER

No bowler may bowl more than four (4) overs, however in a delayed start or interrupted match, where the overs are reduced for both sides or for the side bowling second, no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption).

The exception is where the total overs are not divisible by five. An additional over will be allowed to the minimum number of bowlers necessary to make up the balance, e.g. after 8 overs, rain interrupts play and the innings is reduced to 12 overs. Both opening bowlers have bowled 4 overs. Two bowlers can bowl 3 overs and three bowlers can bowl 2. Bowlers 1 and 2 have already exceeded this limit. They count as the two bowlers who were allowed the extra over (3 as opposed to 2) and so any other bowlers are limited to 2 overs.

When an interruption occurs mid-over and on resumption the bowler has exceeded the new maximum allocation, he will be allowed to finish the incomplete over.

In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

## 8. NO BALL

- a. 21.1 of the Laws of Cricket apply except that no bowler may deliver the ball underarm.
- b. Either umpire shall call and signal a No Ball in the following instances:
  - (i) If the ball passes, or would have passed above the shoulder height of a striker standing upright at the crease, (Law 41.6) or
  - (ii.) If the ball bounces more than once on the batting pitch or stops before reaching the popping crease at the striker's end or rolls along the ground. (Law 21.7 & 21.8)
  - (iii.) If the ball pitches off the pitch, before it reaches the line of the striker's wicket. (Law 21.7)
  - (iv.) All full pitched balls (all bowlers) above waist height. (Law 41.7)
  - (v.) **Note:** Only the bowler's end Umpire shall call No-Ball, if the ball passes on the full above the waist height of a batsman standing upright at the crease.

**A Free-hit (along with relevant fielding and batting provisions) will apply to All No-balls in a restricted over match.**

## 9. FREE HIT AFTER ANY NO BALL

The delivery following a no ball called for ANY NO BALL will be a free hit for whichever batsman is facing it. If the delivery for the free hit is not a legitimate delivery (i.e. any no ball or wide), then the next delivery will become a free hit for whichever batsman is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball.

Field changes are permitted for free hit deliveries, within the fielding restrictions that apply at that stage of the innings (see rule 6).

## 10. LAW 31 – TIMED OUT

Law 31 will apply except that the incoming batsman must be in position to take guard or for his partner to be ready to receive the next ball within 1 minute 30 seconds of the fall of the previous wicket. The incoming batsman is expected to be ready to make his way to the wicket immediately a wicket falls.

## 11. OVER-RATE PENALTIES

Each side is expected to have completed their 20 overs within 1 hr 20 minutes. In the event of them failing to do

so, the full quota of overs will be completed, and the batting side will be credited with 6 runs for each over that has not been bowled. This will apply to both innings of the match.

If the side batting second is credited with runs in this way and this consequently takes their score past that of the side batting first, then the match will be deemed to be won by the side batting second. All penalties in this regard will be imposed immediately the ball first becomes dead after the scheduled or re-scheduled cessation time for the innings.

If the innings ends before the scheduled or rescheduled cut-off time, no over-rate penalty will apply.

If the innings is interrupted, the over-rate penalty will apply based on the re-scheduled cessation time for that innings. The umpire shall inform the fielding team captain when taking the field for the first time and on every subsequent occasion if play is interrupted by the weather, the scheduled cessation time for that innings.

The umpire at the bowler's end will inform the fielding captain, the batsman and his fellow umpire of any time allowances as and when they arise. (This matter will not be subject to retrospective negotiation).

Over-rate penalties apply only to innings of 10 overs or more duration. In innings of less than 10 overs duration, umpires will strictly apply the penalty run laws for time wasting.

## 12. SUBSTITUTES (SUPERSUB) - (same as for 50/50 games)

Substitutes are permitted to bat, bowl or keep if:

- a. prior to the toss, the captain of the team advises the opposition captain and the umpire that 12 players will be playing
- b. after the toss, the captain advises the opposition captain and the umpire which player will be substituted out of the game, and which player will replace that player.

The Supersub may replace the original player from the start of the 2nd innings, and the original player may not then return to the match, except as a substitute fielder under the Laws of Cricket.

If the original player has already batted, the substitute may not bat. If the original player has already bowled, the substitute may not bowl except to complete the full allocation of overs for one bowler (i.e. original + substitute = one allocation).

## 13. POINTS

Points will be allocated as follows:

<b>Win</b>	<b>6 points</b>
<b>Draw or Tie</b>	<b>3 points</b>
<b>Loss</b>	<b>0 points</b>

## 14. DETERMINING OF FINALISTS & SEMI-FINALISTS
